

# **QUICK CLEAN**

**Product Code: CLQC**

## **DESCRIPTION**

A concentrated, alkaline, low odour, non-caustic, anti-static, cleaning and degreasing agent for hard surfaces. Non-flammable, virtually odourless and phosphate free, this cleaner gives rapid wipe off cleaning. Efficient over a wide range of cleaning operations, it will effectively remove paint, oil, grease, wax, ink, fat, atmospheric films and smoke stains. QQC is particularly suitable for use in floor scrubbing machines, high pressure water washers and steam cleaning plant. It is also suitable for rapid cleaning in the food manufacturing and food preparation industries. Do not mix with hypochlorite (Bleach).

## **DIRECTIONS**

Do not exceed the recommended strength for any particular application. If in doubt about the properties of the surface to be cleaned, make a small test in a hidden area before proceeding.

FOR VERY HEAVY DEGREASING such as catering ovens, the cleaner may be rubbed on neat, left for a few minutes and wiped off with a damp cloth.

FOR HEAVY DEGREASING and cleaning of machinery, concrete, old wax from floors, etc. use 1 part QQC to 10 parts water. Rub on, leave for a few minutes then wipe off.

FOR CERAMIC TILES, stone, marble and porcelain, also general cleaning in food factories to remove food residues, use 2 to 3 parts of QQC diluted with 100 parts water. In most applications the above solution is simply rubbed on and off. Windows or exterior coachwork should be well rinsed with clean water immediately after cleaning.

IN STEAM CLEANING MACHINES, or high pressure water washers, use sufficient QQC to give 1 to 2% solution at the final nozzle.

## **HEALTH & SAFETY**

IRRITANT. UN No Not classified.

R36/38 Irritating to eyes and skin.

R37/39 Wear suitable gloves and eye/face protection.

S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Store in a cool, dry place protected from frost and away from acids and strong oxidising agents.

S2 Keep out of reach of children.

## **PRODUCT SAFETY DATA SHEET**

### **(1) IDENTIFICATION**

Product: QUICK CLEAN

Product code: CLQC

Supplier: Starbrite Chemicals, X L House, Rutherford Way,  
Crawley, West Sussex RH10 2PB

Tele: 01293 434250

Fax: 01293 434252

### **(2) COMPOSITION/INFORMATION ON INGREDIENTS**

Sequestrants 1-5%

Inorganic alkali 1-5%

Anionic surfactant 1-5%

Active content: 15% nominal.

### **(3) HAZARDS IDENTIFICATION**

EYE CONTACT: Will cause severe irritation.

SKIN CONTACT: Will cause irritation.

CONTACT WITH RESPIRATORY SYSTEM: Not a hazard in  
normal use. Breathing fine mist may cause irritation.

FLAMMABILITY: Not combustible.

OTHER: Not applicable.

### **(4) FIRST AID MEASURES**

EYE CONTACT: Immediately flush eyes with water, holding  
eyelids apart, for at least 10 minutes. Seek medical assistance at  
once.

SKIN CONTACT: Remove contaminated clothing. Wash skin  
with water.

INHALATION: If fine mist is breathed remove to fresh air, keep  
warm and at rest. Seek medical attention immediately.

INGESTION: Do not induce vomiting. Give 200-300 ml of water  
to drink and seek medical assistance immediately.

### **(5) FIRE FIGHTING MEASURES.**

Not applicable.

### **(6) ACCIDENTAL RELEASE MEASURES**

Take the necessary precautions to prevent contact. Shut off leaks  
if this can be done without personal risk. Contain the spillage if  
possible. Keep the area clear.

Flush to foul sewer with a large quantity of water.

Observe Local Authority regulations.

### **(7) HANDLING & STORAGE**

Store in a cool, dry place, protected from frost and away from  
acids and strong oxidising agents.

### **(8) EXPOSURE CONTROLS/ PERSONAL PROTECTION**

EYE PROTECTION: Chemical splash goggles.

HAND PROTECTION: Wear impervious gloves.

BODY PROTECTION: As necessary to prevent contact.

RESPIRATORY PROTECTION: Use in a well ventilated area  
with properly adjusted equipment. Avoid breathing vapour/spray.

Not a hazard in normal use.

OTHER PROTECTIVE MEASURES: Not applicable.

### **(9) PHYSICAL AND CHEMICAL PROPERTIES**

Appearance: Yellow translucent liquid.

Odour: None at working dilution.

pH 1% in water (typical): 9.4

Boiling point: 100°C

Melting Point: Not applicable.

Flash point: None

Auto-ignition temp: None

Explosive properties: Not applicable.

Oxidising properties: None.

Vapour pressure: 17.5 mm Hg at 20°C

Relative density at 20°C (typical): 1.064

Solubility: Miscible with water

Viscosity: Free flowing.

### **(10) STABILITY AND REACTIVITY**

Hazardous reactions: Incompatible with strong oxidising agents  
and acids.

Hazardous decomposition products: None known.

Hazardous polymerisation: Will not occur.

Stability: Stable.

### **(11) TOXICOLOGICAL INFORMATION**

Eye contact: Will cause severe irritation.

Skin contact: Will cause irritation.

Inhalation: Breathing fine mist may cause irritation of the  
respiratory tract. Not a hazard in normal use.

Ingestion: Low toxicity. Will cause irritation of gastro-intestinal  
tract due to alkalinity.

Long term: Ingredients are not mutagenic or carcinogenic.

### **(12) ECOLOGICAL INFORMATION**

Phosphate free. All organic ingredients are biodegradable when  
well diluted. Do not allow this product to enter water courses  
untreated.

### **(13) DISPOSAL**

Consult national and local regulations.

Dilute well with water and dispose of in an approved and  
permitted biological treatment plant.

### **(14) TRANSPORT INFORMATION**

Not classified for transport.

### **(15) REGULATORY INFORMATION**

Occupational exposure limits: None set.

Xi IRRITANT R36/38 Irritating to eyes and skin.

### **(16) OTHER INFORMATION**

It is for users to satisfy themselves of the suitability of this  
product for their own applications.

This information is believed to be accurate at the time of printing  
and is given in good faith.

Date of issue: July 1995.
