

**FREEFLOW**

Product Code: JAFF

**Description**

An effective liquid flocculant which breaks up compacted matter., allowing easier removal. Combats the problems of blockages in drains and pipework caused by sedimentary soils.

**Directions**

Sewers, Drains etc - add to the system at a rate of 5 litres per 150ft of IT' diameter pipework. Flush with water. Alternatively, dilute 12.5 litres per 5000litres water and pump into system. Water circulating systems - add 1 litre per day for every 5000 litres water until bleed-off water is satisfactory.
