

LEMON PINE DISINFECTANT

Product Code: JALPD

DESCRIPTION

Pleasant odour, potent germ killer, powerful cleaner and deodorant. This product is based on a modern wide spectrum bactericide and its germicidal efficiency has been confirmed by a leading independent microbiological consultant (R.W.4)

DIRECTIONS

Typical applications are the disinfection of sinks, toilets, drains, and waste bins. For wiping down toilet seats and similar applications, use a solution in water diluted so that it will just give a stable lather, approximately 1 part with 80 parts of water.

This solution has natural detergent properties and should not be mixed with other cleaning products. For drains and other areas of heavy infection use a little of the neat disinfectant.
