Store in a cool, dry place protected from frost and away from acids and strong oxidising agents. Store upright in original containers. Recommended storage temperature 5-25°C.

7.3. Product Uses

Use as supplied. Apply with a lint free cloth or a brush and spread evenly to form a thin, wet layer. Avoid contact with body work and trim. If contact does occur, wipe off at once as pigment from treated tyres could transfer to paint work causing permanent damage. For the best finish and economy, use sparingly. Ensure that tyres are completely dry before driving the vehicle.

Please refer to product safety data sheet before use. Use only as directed.
